

BRIGID HARDY

Director of Consulting

Professional experience

Brigid has over 20-years experience working within, or providing services to, the Australian Public Service, including over nine-years experience at the executive level in both large and small agencies. Her public sector experience focused on regulatory policy development with a public health and industry focus.

She has considerable experience in organisational development – through strategic advice and planning, stakeholder consultation and community engagement programs and partnerships, and on employee development – through performance coaching and the development and delivery of learning and development programs. This includes working with employees to encourage and promote personal development such as leadership, change and agility, resilience and wellbeing. She has an excellent understanding of Commonwealth, state and territory government processes and cultures.

As Director of Consulting she mentors the consulting team and is responsible for business development.

Consulting expertise

Brigid is a trusted strategic advisor across the public sector. She has successfully delivered on many significant consultancies across a diverse range of public sector agencies, as well as both private and non-profit sector organisations. These have included organisational reviews, business planning, business modelling and HR consultancies. Brigid is an experienced executive coach and a leadership expert, with experience in delivering transformational leadership development programs.

As an experienced yoga practitioner and trainer, Brigid is very interested in personal wellbeing, resilience and mindfulness.

Her areas of expertise include:

- leadership development
- strategic business planning
- change management
- executive coaching
- facilitation of large and small groups
- performance management and coaching
- conflict resolution
- stakeholder engagement.
