

Acknowledgement of Country

Interaction Consulting Group acknowledges the traditional Aboriginal custodians of Canberra and celebrates their ongoing cultures and contribution to the ACT and region. We also acknowledge that many other Aboriginal and Torres Strait Islander peoples from across Australia have now made Canberra their home and we also acknowledge and celebrate their cultures and diversity and their contribution to the ACT and region.

We further pay our respects to Elders past, present and emerging.

Interaction celebrates and recognises the history, culture and achievements of Aboriginal and Torres Strait Islander peoples. We are very excited to have developed our Reconciliation Action Plan with the intention of building a deep and authentic connection with Aboriginal and Torres Strait Islander peoples, now and into the future.

The artwork represents Interaction's journey to reconciliation through driving global positive change and wellbeing, through consultancy excellence and innovation. The artist wanted to symbolise the importance of reconciliation and how Interaction is proud of its journey towards its future - just as the artist was proud in having the opportunity to create this piece. The centre of the artwork represents Interaction's connection and commitment to its reconciliation journey. The symbols surrounding the centre signify the coming together of people and the business. The outside pathways represent the connection of the Interaction team and the company values, these are: Mindful, Innovative, Collaborative, Courageous, and Of Service, which are represented as meeting places within the pathways. The smaller rings on the pathways represent the future within the values and the team. The blue rings represent the landscape Interaction is based - Ngunnawal Country - Canberra, Australia. This artwork is a reflection of the journey that Interaction will take in building and connecting with Aboriginal and Torres Strait Islander people.
